### What's the advantage of signing up for classes online?

It guarantees your spot! (OmBase is getting more popular, yeah!) Your name will be already on the sign in sheet. Just check it off and scoot to class. Also, it lessens the congestion and stress at the front desk, giving you and the front desk staff more time to enjoy connecting.

### Can I cancel my reservation in class after I've signed up?

Yes, you can cancel a reservation up until 30 minutes before the class starts.

### How far in advance or how close to the class start time can I sign up?

You can sign up for classes weeks—even months!—in advance. At 30mins before a class, you can no longer sign up online and need to sign in on paper.

### How do I download the MindBody Connect App on my phone or tablet?

The free app is available for download at <https://www.mindbodyonline.com/connect>
